Gotham City, a city of scum...

**Wallets,
jewelery,
everything,
now!!!**

**It doesn't have
to be this way!**

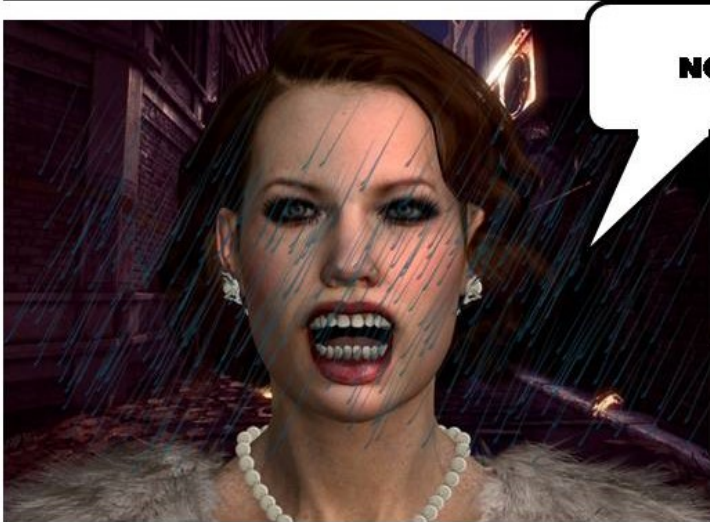

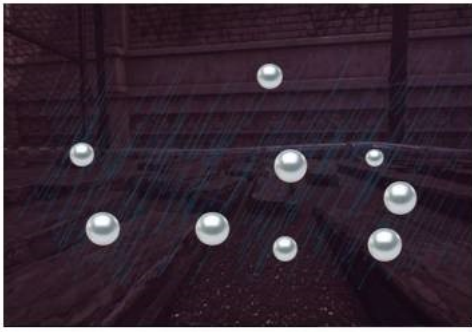

IT HAS TO!!!

You're gona die!

Hey!

Who are you!

I'm Selina Kyle, from Pinkey orphanage. I was just looking for some food, and then... BAM! I saw who killed Wayne's.

Who!!!

It was Joe Chill! Don't worry I know all criminals in town. That was him...

Thank you! If you need anything just call us!

Alfred...

Master Bruce, is everything alright.

NO! They... They are dead...

Thomas, Marta... No... I'm sorry...

Everything will be alright.

Thomas gave me this letter, in case he died, he wanted you to have it.

You tracked him, Joe Chill, he's going to pay.

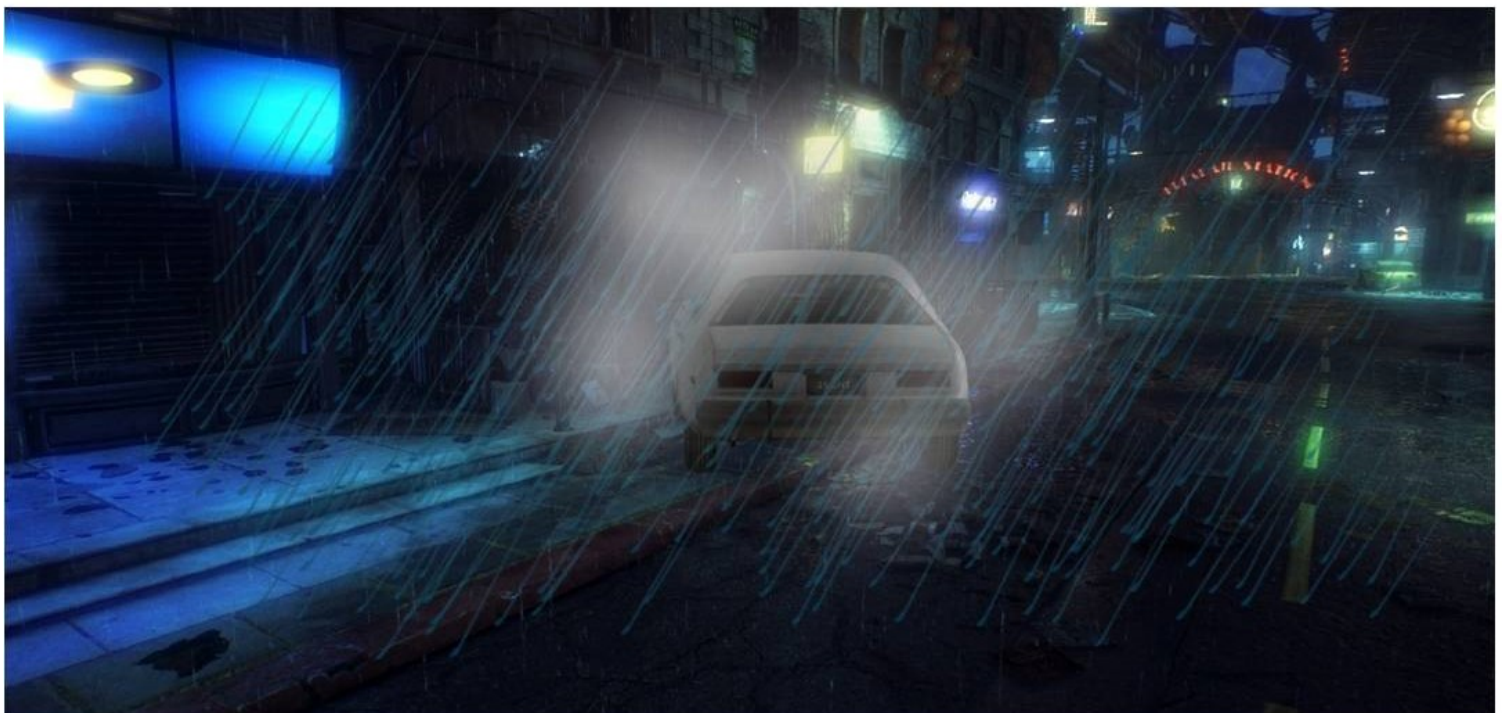

He will...

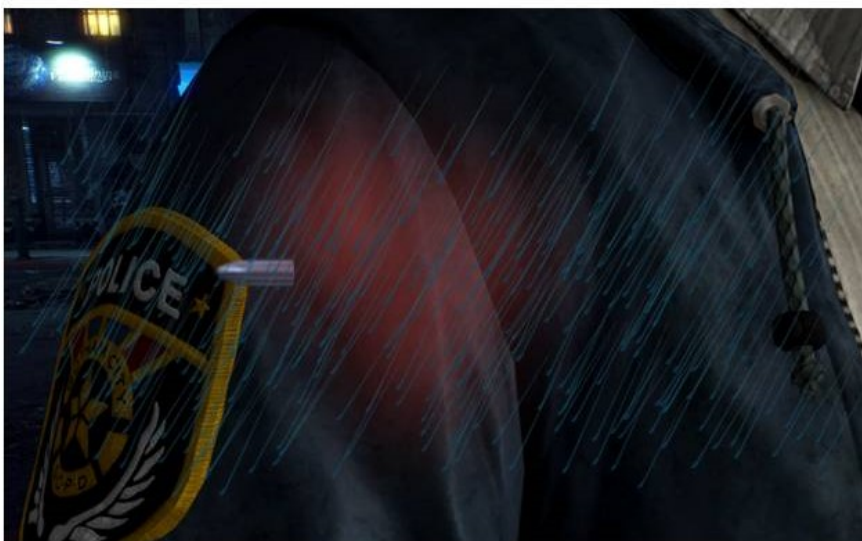

HA! They'll never catch me!

Damn...

The letter, sir.

When time comes, I'll know exactly what to do.

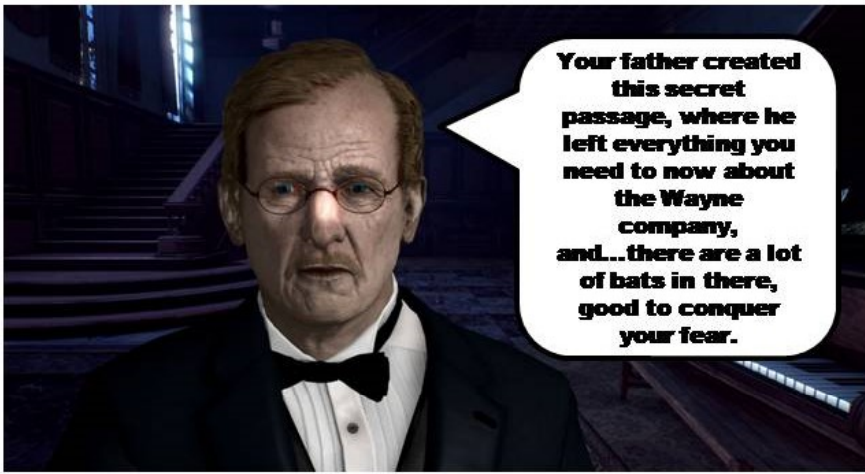

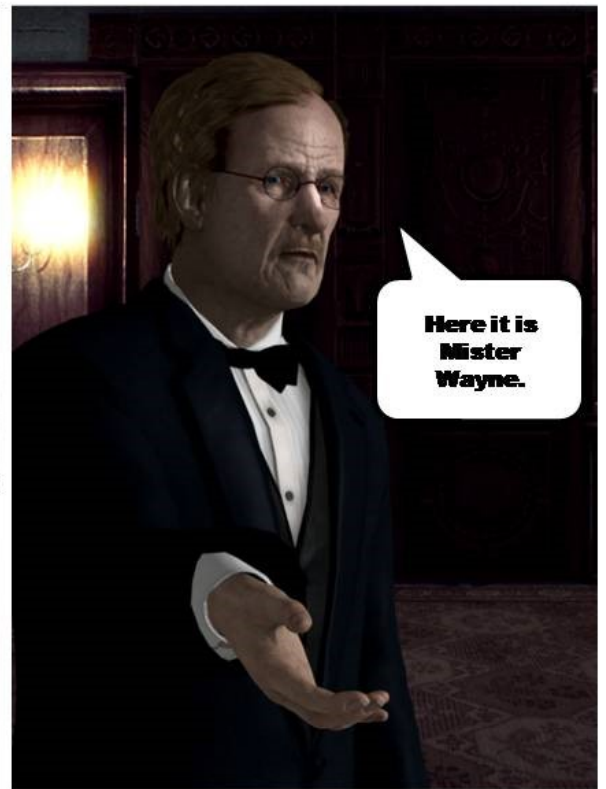

And Master Bruce, there is one more thing I need to show you.

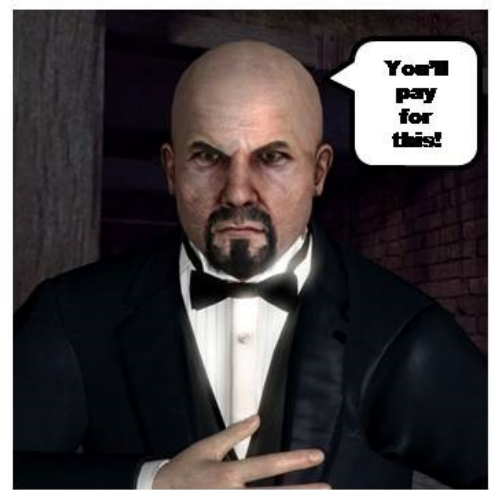

Dear Bruce, if you are reading this, it means I am dead. Now that your time is about to come, be ready for the Demons Head, it will come to you, go, and fulfill your destiny. He knows your future, seek him and you will fight your own demons, do not let them get you, and at the end my son, stay strong, just like I know you will. My only regret is that I will not be there to see you grow up in a good man I know you will become. In death I will love you forever.

Your Father, Thomas Wayne

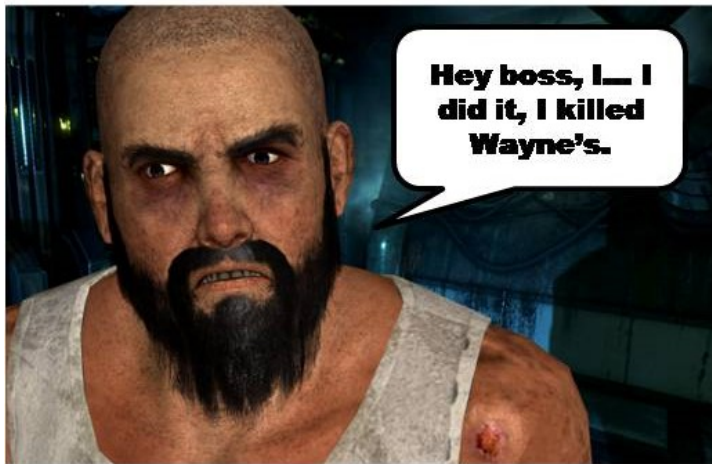

Dirtiest factory...

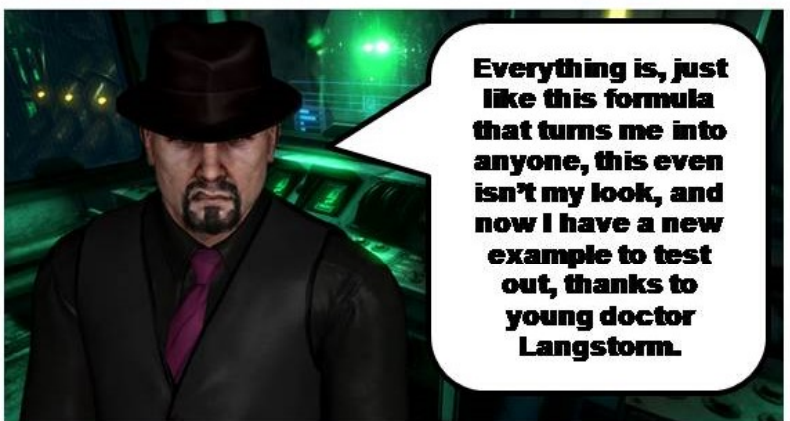

Hey boss, I... I did it, I killed Wayne's.

Oh did you, cause I don't think you did!

N_NO! Impossible!

Everything is, just like this formula that turns me into anyone, this even isn't my look, and now I have a new example to test out, thanks to young doctor Langstorm.

And now I found a right test subject.

Carlo, no, man, no.

It's over you monster!

Wait..Uh... We can make a deal, how about you kill my parents, sounds good!

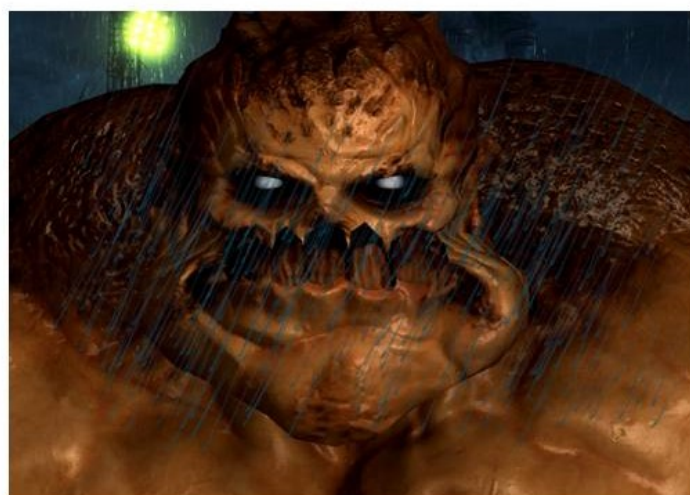

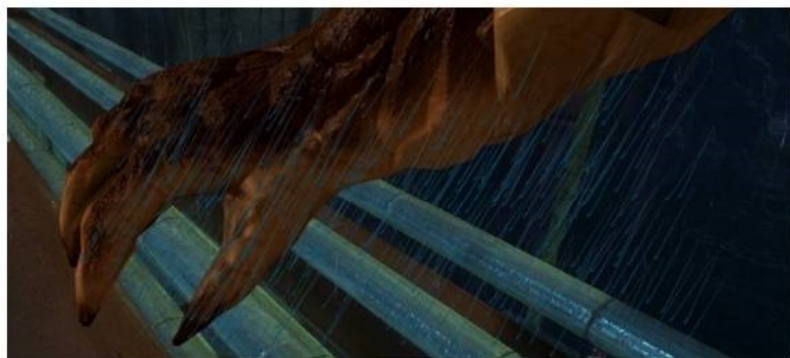

Hey Bruce, I understand you, but... Revenge isn't yours.

You're right, it isn't...

After all... We've won...
